

As in previous years, the EU-Japan Centre for Industrial Cooperation is organising an EU-Japan Green Transition Business Matching Platform.

EU-JAPAN Green Transition Business Matchmaking

Online: 15-16 and 19-22 February 2024

Onsite at Tokyo Big Sight 28 February-1 March at exhibitor's booths

<https://eu-japan-green-transition.b2match.io/>

EU Trade promotion organisations are invited to announce the event to relevant companies and organisations from their member state. We can enable you to monitor/support your companies through co-organiser access to the platform. National Delegations and Pavilions to the Smart Energy Week/ Green Transformation Week can be highlighted on the platform.

The platform will offer online meeting sessions from 15-16 and 19-22 February 2024 and onsite meeting sessions during the [Smart Energy Week/ Green Transformation Week](#) from 28 February-1 March in Tokyo. Online pitching and other webinars complete the agenda. Registered participants can browse each other's profiles and search for potential partners by keywords and categories. It is possible to send messages or request both online and onsite meetings.

Target sectors:

- Electrolysers and fuel cells
- Battery/storage technologies
- Solar photovoltaic and solar thermal technologies
- Grid technologies
- Onshore wind and offshore renewable technologies
- Sustainable biogas/biomethane technologies
- Carbon Capture and storage (CCS) technologies
- Heat pumps and geothermal energy technologies
- Low-carbon construction and manufacturing/ green materials
- Product lifecycle management (PLM) and Recycling

Participation on the platform is free of charge for representatives of enterprises, research and educational institutions and other related organisations, that are active in the above target fields and based in Japan, the European Union or [SMP countries](#). The EU-Japan Centre will review registrants' profiles and accept them if they are eligible and appropriate for the event.
